Ethicon

Better surgery for a better world

At Ethicon, we develop meaningful solutions that enhance surgical outcomes and improve the lives of patients. For more than 80 years, we have listened to the voice of our customers, working in partnership with clinicians, hospitals, payors, and other healthcare stakeholders to gain deep experience and perspective into ways to redefine surgery. Our global scope, along with our broad surgical portfolio, let us provide market-appropriate, value-driven solutions that help patients around the world live longer, healthier lives.

Surgical Stapling

Reliable tissue repair is a critical factor for all surgery. That's why Ethicon has worked with surgeons worldwide to develop and refine our surgical staplers and cutters. Our surgical stapling portfolio addresses the issues of tissue thickness, staple line security, and tissue tension to provide you solutions that are designed to enhance control and patient safety.

Wound Closure

Secure skin closure is an integral part of nearly every surgical procedure. Ethicon has pioneered advances in skin closure that enable you to minimize tissue trauma, optimize healing, and improve patient outcomes. We offer a portfolio of innovative wound closure solutions designed for the specific needs of skin, fascia, and organ tissues.
